

September 2011

Partial closure of Endell Street for gas main works

DURATION OF WORK

- Works start 6 September 2011 for two weeks
- Possible further two weeks work
- Weekday working hours 08.00 until 18.00
- Saturday working hours 08.00 until 13.00
- One hour start up and shut down periods

WHAT TO EXPECT

- Partial road closure and diversion in place for
- Some parking suspensions in Endell Street
- Contractors on site breaking open the carriageway
- Fencing with noise barriers around the work areas
- A silenced generator in the works area to provide power for the equipment for digging the inspection holes

WHAT WE WILL DO

- Ensure services to properties are maintained throughout the works
- Monitor noise, vibration and dust and keep within the permitted levels
- Ensure services to properties are unaffected
- Liaise with businesses to ensure deliveries are maintained
- Fire access and entrance gate at 28-35 Endell Street will be maintained at all times

Crossrail's contractor, BFK, will be constructing the Crossrail western running tunnels from Royal Oak to Farringdon. Prior to the tunnelling works in 2012, preparatory work needs to be carried out and this will involve investigating a gas main in Endell Street to ensure it will not be affected by tunnelling.

The work will involve breaking out the carriageway to expose the gas main and the use of closed circuit television (CCTV) to inspect it.

The works will be carried out in the carriageway which will require the road to be closed to through traffic and the suspension of some parking bays.

In order to maintain access and for deliveries two-way traffic will be allowed either side of the works which will take place some 50m north of Shorts Gardens outside the properties at 63-69 Endell Street and the entrance marked Mews Yard. Signage will be in place to direct traffic. Please refer to the enclosed diagram for more information.

A second investigation may be required in the area immediately north of the junction of Shorts Gardens. We will notify you again should these works proceed.

During these works we will do everything possible to minimise disruption to the local community. This will include using the best practical means to minimise any noise, vibration and dust generated by our works to meet the requirements set by the London Borough of Camden.

We apologise for any inconvenience caused as a result of our works. If you have any queries or are concerned about access during these works, please contact the 24-hour public helpdesk on 0345 602 3813 or email us on helpdesk@crossrail.co.uk.
