

August 2011

Footpath and utility works in Blomfield Street and revised traffic management in Old Broad Street

DURATION OF WORK

- July 2011 – June 2013

Blomfield Street

- Weekday working hours 8.00 until 18.00
- Saturday working hours 8.00 until 13.00
- From 22 August for six weeks
- One hour start up and shut down periods are also permitted

Old Broad Street

- Delivery of construction plant from 22.00 until 05.30 for two consecutive nights between 15 August and 5 September

WHAT TO EXPECT

- Closure of footpath outside the Blomfield Street worksite
- Temporary increase in noise and dust from utility works on Blomfield Street
- Traffic management in place at Old Broad Street for two nights

WHAT WE WILL DO

- Monitor noise and dust and keep within permitted levels

In our previous information sheet we explained that Vinci Construction UK has been appointed to carry out works in the Liverpool Street area to prepare for the construction of the east ticket hall for Crossrail's new Liverpool Street station.

Works will begin shortly in Blomfield Street where footpath strengthening and utility protection works will be carried out to support an entry point to the new access ramp for the worksite off Blomfield Street (see attached plan).

A worksite will be established adjacent to the current Crossrail hoarding on Blomfield Street for six weeks. During this time the footpath will be broken out, the ground excavated and works carried out on the utilities in the ground. Once the works are completed the footpath will be fully reinstated.

During the works the footpath will be closed and pedestrians diverted to the opposite footpath. The width of the carriageway will also be reduced, two-way traffic flow will be maintained.

To support upcoming works at the Blomfield Street worksite, construction plant needs to be brought in via Old Broad Street and Broad Street Avenue.

The delivery of this plant requires a temporary revision of the traffic and pedestrian management arrangements on Old Broad Street over two consecutive nights, between 22.00 and 05.30. The delivery dates are not confirmed but will be between Monday 15 August and Monday 5 September. Traffic marshals and priority boards will be in place to manage alternate northbound and southbound traffic flow.

We apologise in advance for any inconvenience caused as a result of our works. If you have any queries, please contact the Crossrail 24-hour public helpdesk on 0345 602 3813 or helpdesk@crossrail.co.uk
