

December 2011

Upcoming works around the Moorgate shaft site

DURATION OF WORK

This information sheet details various works taking place around the Moorgate shaft site over the coming months.

- Ongoing until March 2012
- Some out of hours working

As previously informed, further closures of the area in front of Moorfields and the Highwalk escalators are required while we carry out works within the Moorgate station western ticket hall. Please see the enclosed map showing alternative pedestrian routes. Work will take place on the following dates:

WHAT TO EXPECT

- Changes to pedestrian walking routes
- Diversion routes well signed
- Regular updates on progress

- Weekend 3 and 4 December 2011
- Evening works between 23 December 2011 and 2 January 2012
- Saturday 24 to Monday 26 December 2011 - during the London Underground closure
- Friday 20 to Monday 23 January 2012
- Evenings from 28 January to 23 February 2012
- Weekend Friday 16 to Monday 19 March 2012

WHAT WE WILL DO

- Ensure the works are carried out safely for all
- Minimise disruption to local businesses and maintain servicing access
- Reduce disruption to passers by
- Keep the local community informed

On the weekends of 3/4 and 10/11 December 2011 we will be transporting and installing temporary office accommodation at the Highwalk level on the site of the recently demolished 17-31 Moorfields. Delivery vehicles will enter the Moorfields site via the lorry holding area on London Wall. A crane will be used to lift the units onto the worksite.

Also on the weekend of 10/11 December 2011 we will carry out an investigation of the Fore Street Highwalk bridge adjacent to the City Boot wine bar. Pedestrian access across the bridge will be maintained while the works take place.

Our demolition contractor, John F Hunt, will be on site from 5 December 2011 with the demolition of the electrical sub station starting 12 December. The structure will be enclosed on three sides by sheeted scaffold to provide acoustic screening and protection to pedestrians from dust and debris. The works will be complete by 23 December 2011.

During these works we will do everything possible to minimise disruption to the local community. This will include using the best practical means to minimise any noise and dust generated by our works to meet the requirements set by City of London.

We apologise in advance for any inconvenience caused as a result of our works. If you have any queries, please contact the Crossrail 24-hour public helpdesk on 0345 602 3813 or email helpdesk@crossrail.co.uk.
