Crossrail construction begins on Pudding Mill Lane

DURATION OF WORK

- Monday to Friday working hours
08.00 until 18.00
- Saturday working hours
08.00 until 18.00
- *We are also permitted a 1 hour start up and shut down period either side of core working hours*

WHAT WE WILL DO

- Ensure the footpaths around the site remain open at all times
- Operate 24 hour security
- Ensure lorries are managed on site and use routes agreed with London Borough of Newham (LBN)
- Monitor noise and dust and keep within permitted levels set by LBN

Costain Skanska Joint Venture (CSJV) has recently been appointed as the principal contractor for the construction of the Pudding Mill Lane portal for the Crossrail running tunnels. The portal will be located south-west of the DLR Pudding Mill Lane station.

Enabling works will be followed by the construction of the portal and two new bridges over the City Mill River to accommodate Crossrail and DLR lines.

Following a short period of enabling works and site clearance, the main work is planned to commence in June 2010, with completion for September 2013 following a short break to accommodate the London 2012 Olympic and Paralympic Games.

Construction of the cut and cover tunnel starting in June will involve:

- Securing the site area by hoardings and providing a controlled access point
- Diversion of an existing 11kV cable
- Construction of the cut and cover element of the new tunnel

During the works, we will be doing everything possible to minimise disruption to the local community. This will include taking measures to limit and monitor dust levels and reduce noise as much as is practically possible. We are required to keep within limits set by London Borough of Newham (LBN).

In addition, all vehicles working on the site will have to use a traffic route which has been agreed with LBN and is designed to minimise congestion and other disruption.

We will keep you informed of any activity that may affect you. We apologise for any inconvenience caused as a result of our works. If you have any enquiries or complaints, please contact the 24-hour public helpdesk on the number shown.
